Initially the students were asked to fill a form and to submit a Resume and a photograph.

Following is the interview process:

1. Written : A written test consisting of 50 questions was conducted with questions varying from basics of Pharma to some industry and lab related questions. The duration of the test as 40 minutes.

The written test had 2 sets of question papers:

- A. For Analysis
- B. For Pharmaceutics

The Students chose the question papers as per their interest.

Note : Questionnaire of the common questions asked in the written test is prepared separately

2. Technical Interview : All the above students qualified in the written test and faced the technical round.
Again the questions in the technical interview varied from Pharma basics to Industry basics.

Note : Questionnaire of the common questions asked in Technical Interview is prepared separately

Finally after the interviews the HR informed us that they would get back to us with the results in a week's time.

Job Role : Formulation Trainee

Package : 2.2 to 2.5 Lakhs Per Annum
