

Functions of IQAC:

- Development and application of quality benchmarks.
- Parameters for various academic and administrative activities of the institution.
- Facilitating the creation of a learner-centric environment conducive to quality education, advancement of knowledge, and technology for participatory teaching and learning process.
- Collection and analysis of feedback from all stakeholders on quality-related institutional processes.
- Adoption of good documentation practices of the many initiatives and actions carried out by the Institute, leading to quality improvement.
- Periodical conduct of Academic and Administrative Audit and its follow-up.
- To propose different value-added programs to the T&P cell and oversee their implementation
- To assist the Departments in keeping an eye on the following actions:
 - a) Guidelines
 - b) Assignments, Workshops
 - c) Addition of content: Lab & Theory
 - d) Remedial education

ADMINISTRATIVE ACTIVITIES:

Issues about quality assurance should be discussed during the IQAC's regular meetings.

A communication plan should be created and implemented by the IQAC to notify stakeholders about quality assurance initiatives.

The pharmacy college should undergo routine quality audits by the IQAC.

IQAC prepares a biannual quality assurance report for review by the Governing Body.

Apart from the aforementioned, the IQAC ought to take into account of the following:

- a) The institutional distinctiveness.
- b) The quality policy of the college.
- c) The strategic plan of the college.

To guarantee that quality assurance is ingrained in every facet of the college's activities, the IQAC should collaborate closely with the administration of the institution.
