#### REPORT ON WEBINAR

**Topic of the Event -** New Strategies and Tactics in Organic Synthesis

Date & Time of Event – January, 20, 2021, 11 AM

**Hosted by** - Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, Tarnaka, Hyderabad

#### **Summary**

On 20<sup>th</sup> January, 2021, Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, College for Women, (Sponsored by The Exhibition Society)organized a webinar on the topic "New Strategies and Tactics in Organic Synthesis". The Guest Speaker for this webinar was Dr. A Veera Reddy, Vice President – (R&D), Suven Life Sciences, Hyderabad, Telangana.

The no of participants who registered and attended the seminar were 372.

The programme started with a prayer song and the welcome address was given by our Chairman Dr. B. Prabha Shankar garu inviting our guest speaker Dr. A.Veera Reddy garu. Dr. T. Saritha Jyostna introduced the guest speaker to the participants which was followed by the session.

In the Session, Sir discussed various synthetic strategies like, using different starting materials and procedures for the synthesis of Diclofenac and Ciprofloxacin to cut down the cost. He also explained the rearrangement reactions for few molecules and retro synthetic methods for Diols and Amines.

He briefed synthetic strategies for development of drug intermediate, 2-hydroxy benzoic acid methyl ester (Zonisamide- anticonvulsant drug) by Suven Life Sciences, Hydearbad, the development process of a drug Tolterodine tartarate, which is used to prevent micturition problem in geriatrics, Synthetic route for Cheryline, a natural product by Suven Life Sciences, Hyderabad and New drug development of Anti tubercular drug by Suven Life Sciences in collaboration with CDRI.

The webinar was concluded with the question and answer session and the participants clarified their doubts regarding the session.

Finally the vote of thanks was given by our Principal, Dr.V. Jyothi garu, who thanked the guest speaker and all the participants for making this webinar successful.

#### Summary

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, College for Women, (Sponsored by The Exhibition Society)organized a webinar on the topic "Discovery and Development of New Anti-Novel Corona Virus Agents Acting on Various Targets of the Virus" on 25<sup>th</sup> January ,2021. The Guest Speaker for this webinar was Dr.G.Achaiah, Prof.(Retd), Kakatiya University, Warangal

The no of participants registered 352and attended the seminar were 330.

The programme started with the welcome address was given by Asst.Prof. Mrs.S.Sirisha,inviting our guest speaker Prof. G.Achaiah garu. Prof.S.Hemalathaintroduced the guest speaker to the participants which was followed by the session.

In the Session, Sir discussed the history and life cycle of SARS-CoV-2 is essential to identify druggable targets that will allow the development of effective therapeutics against this coronavirus. Several virus-based and host-based targets were presented as objectives for pharmacological intervention as well as the host immune response.

He briefed the past and present coronavirus outbreaks require our preparedness not only for the current situation but also for a future potential re-emergence of novel coronaviruses. In this sense, it is of utmost importance to design drugs acting as pan-coronavirus antivirals or through a multi-target approach to avoid a lack of effectiveness by viral mutation escape.

The webinar was concluded with the question and answer session and the participants clarified their doubts regarding the session. The senior professors Dr.V.Malla Reddy garu, Dr.V.Kishan garu and Dr.A. Raghu Rama Rao garu also participated and have given relevant suggestions to the participants.

Finally the vote of thanks was given by Prof.T. Saritha Jyostna, who thanked the guest speaker and all the participants for making this webinar successful.

#### Summary

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, College for Women, (Sponsored by The Exhibition Society) organized a webinar on the topic "Current Global Trends in Pharmaceutical Process Validations-Risk Based Approach" on 28<sup>th</sup> January, 2021.

The Guest Speaker for this webinar was Dr.K.B.Ganesh Prasad, Principal consultant from Q-Pharma consulting India, Hyderabad.

The no of participants registered 312 and attended the seminar were 500.

The programme started with the welcome address given by Asst.Prof. Mrs.S.Sirisha, inviting our guest speaker Dr.K.B. Ganesh Prasad. Prof.B.Haarika introduced the guest speaker to the participants which was followed by the session.

In the Session, Sir gave insight on identifying, controlling and monitoring various critical stages and critical parameters by risk based process control which included all stages beginning from process design, process qualification and continued process verification i.e from process development to throughout commercial manufacturing.

Sir briefed the importance of Hybrid approach which is a combination of Traditionaland Quality by Design orProcess Analytical Technologyapproach, he also stressed on the importance of 3<sup>rd</sup> stage of validation, in which manufacturing process is monitored using statistical tools and up gradation of process knowledge through Corrective Action Preventive Action program on a continous basis.

The webinar was concluded with the question and answer session and the participants clarified their doubts regarding the session.

Finally the vote of thanks was given by Asst.Prof. Ms. Selina Sravanthi who thanked the guest speaker and all the participants for making this webinar successful.

# Report on Workshop entitled World Tuberculosis Day March 24, 2021

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV) has conducted one-day workshop on 'World Tuberculosis day' with the theme - 'The Clock is Ticking' on 24<sup>th</sup> March 2021. World Tuberculosis (TB) Day is observed each year on March 24 to raise awareness amongst the public about the debilitating health, social as well as economic consequences of tuberculosis.

As a part of this event invited talks were arranged by inviting both clinical pharmacist and medical physicians who are rendering their services in the management tuberculosis. Apart from this we have conducted various students' activities like e-poster & oral presentations, innovative idea sharing by the students & Faculty, Elocution, Debate, Mock Patient Counselling, Extempore on clinical studies followed by cultural events. All these events were conducted by the SNVPMV through on line mode.

The event started with the prayer song, lighting of lamp followed by the first invited talk, Dr Karthik Rakam, Founder of Pharm.Doctors and President of Pharmacon Society, has emphasized on the role of clinical pharmacist in improving the TB outcomes. He explained how the drug resistance will develop in patients during the TB treatment and what are the approaches to avoid it

In the second invited lecture, Dr Rama Krishna Prasad, Head PCMH Restore Health, Bangalore, delivered talk on 'Ending T.B by 2030: The Role of Clinical Pharmacist'. During his talk he mentioned that clinical pharmacist plays vital role in eradicating the Tuberculosis by 2030. He spoke about various challenges in developing new drugs for the treatment of TB

In the other invited talk, Dr Sai Praveen Haranath, Consultant Pulmonologist from Apollo Hospitals-Hyderabad discussed on 'The role of Pharmacists in Eliminating Tuberculosis: An action Plan'. He mentioned that pharmacist has to play key role in avoiding prescription errors and dosage regimen errors. He shared his experiences about the clinical complication of the tuberculosis patients in critical care and how drugs show the onset of improvement.

About 200 students from Pharm D and B. Pharmacy courses .have participated very enthusiastically in various events conducted on this day. Dr V. Jyothi, Principal, Dr N. Srinivas, Director, Dr Saritha Jyostna, Vice Principal and the faculty members from all the departments were witnessed the event and shared their thoughts with the students.

The entire day we have conducted this event in SNVPMV and the students who participated in this event gained knowledge about different aspects of Tuberculosis, particularly the role of pharmacist in preventing and eradicating the disease. The responses from the students were overwhelming. The participants expressed that they benefited a lot not only learning the basic concepts but also the advancements in the pathomechanisms of Tuberculosis and its management.

Dr T Venu, HoD of Pharmacology has announced the winners for various events that are mentioned below

#### **Summary**

Sarojini Naidu Vanita Pharmacy MahaVidyalaya, College for Women, (Sponsored by The Exhibition Society) organized a webinar on the topic "**Physicochemical Properties and Drug Design**" on 1<sup>st</sup> April 2021.The Guest Speaker for this webinar was Prof. A. Raghuram Rao, Former Dean, Faculty of Pharmaceutical Sciences, Kakatiya University, Warangal, Telangana State.

The number of participants registered 600 and attended the seminar were 500.

The programme started with the welcome address was given by our Principal Dr. V. Jyothi inviting our guest speaker Prof. A. Raghuram Rao garu.

Dr.N.Srinivas, Director and Dr. T. SarithaJyostna, Vice Principal shared their experiences about speaker. Dr. S. Anuradha Bai introduced the guest speaker to the participants which was followed by the session.

The lecture was aimed to understand the basic concepts related to drug design, such as.

- ➤ Physico-chemical properties in relation to biological action.
- ➤ How complicated biological processes can be modelled using simple physicochemical properties.
- ➤ Role of Lipinski's rule-of-five in design of drug compounds amenable to delivery via the oral route.

The session was concluded by our chairman, Dr.B. Prabha Shankar garu, by expressing his gratitude and appreciation for Prof. A. Raghuram Raogaru. The participants clarified their doubts regarding the session.

Finally the vote of thanks was given by Asst. Prof.Mrs.K.Vinutha, who thanked the guest speaker and all the participants for making this webinar successful.

# One Day Virtual Conference on "Challenges in the Conduct of Clinical Trials in India- Skills Required for Pharmacy Graduates": April 16, 2021

Organized by: Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV)

### In Association with: Indian Pharmaceutical Association, Telangana state branch.

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV) has conducted one-day virtual conference on the theme 'Challenges in the conduct of clinical trials in India- skills required for pharmacy graduates' on 16<sup>th</sup>April 2021, from 10 am to 5 pm. SNVPMV has always made a continuous and persistent effort to train the pharma community on the latest trends in various thrust areas.

The virtual conference was started with an invocation to almighty by a prayer song by Ms Apoorva, a student of III-year B. Pharmacy. This one-day webinar was hosted by Ms. Poojitha and Ms PushpaSri, students of Pharm.D V year, Malik Kainat of IV-year B.Pharmacy, and Ms Rachna of III-year B.Pharmacy. The welcome address was presented by Dr N. Srinivas, Director, SNVPMV. He spoke on the significance of the conference stating that the conduct of clinical trials in India throws a lot of challenges in views of major regulatory amendments in the year 2013 and 2019, lack of clinical trial experience among medical fraternity and treatment-naïve patients. The Inaugural event was witnessed by our management members: Mr. Sainath Dayaker Shastry, Hony. Secretary (online) and Mr.B. Laxman Sena, Hony. Treasurer (offline), SNVPMV.

Dr V.Jyothi, Principal, SNVPMV in her message has encouraged the students to participate actively in all the events. Mr Laxman Sena, Hony. Treasurer, SNVPMV encouraged the students to involve actively in all the scientific sessions and co-curricular sessions organised on the occasion. Dr.T. Saritha Jyotsna, Vice Principal, SNVPMV has ended the inaugural event with a vote of thanks to all the dignitaries present.

As a part of the event, Guest speaker, **Dr Padmavati Vutukuru**, Head of the pharmacology department, Malla Reddy Medical College has delivered a talk on "Investigator perspective and challenges faced by the principal investigator (PI) in the conduct of clinical trials in India". She emphasised on responsibilities of PI and how PI can ease the challenges faced during the conduct of clinical trials in India. Speaker concluded that the success or failure of a clinical trial ultimately depends on the efficiency and capability of PI and that the role of PI is not only crucial from the conduct of study point of view but also associated with many challenges. The session was actively attended by 320 participants from 10:40 AM to 11:40 AM and the session ended with enthusiastic questions from all the participants and appreciation from Sri Sainath Dayaker Shastry, Hony. Secretary, SNVPMV about the way the talk was conducted and the zeal it created among the participants.

In the second invited talk which started at about 11:45 AM, Mrs Suhasini Mudraganam, MSc, MS(USA), CDE, chief nutritionist, possible(Formerly true weight) has shared her insights and thoughts on nutrition and immunity. During her exuberantly informative talk, she has stressed the importance of nutrition and immunity during this covid pandemic time and also highlighted the importance of the gut microbiome and the role it plays in immune

responses elicited by the body. The session was highly interactive with 342 participants. The session ended with questions pouring in from participants and Dr V.Jyoti, Principal, SNVPMV thanking the guest speaker and planning another session in the near future. Dr N.Srinivas, director, SNVPMV appealed to the students to develop strong skills in nutrition and immunology as most of the concerns of patients are from these areas. He informed that this session will also help in patient recruitment and retention activities if undertaken by the students in future.

The session was paused for a lunch break and followed by clinical case presentations. Some of them are given below:

Case Study 1: (5 Marks)

In a central laboratory, a pediatric sample comes in with a different name on the tube, and a different name on the paperwork. You are the technician at the central Lab & you know that asking for another blood sample from the investigator is very difficult as this is a pediatric trial. How will you proceed?

Ans: As a technician, it's your responsibility to see if this can be resolved. Over the phone? Or with fax?

Any discrepant or missing information should be communicated to the Site and verified promptly before specimens are processed, stored, or results issued. Any contact with the site personnel has to be documented in the lab data Clarification form. The protocol should mention the rejection criteria of a sample clearly.

Case study 2: (5 Marks)

You are involved in a study on a new drug for worm infestation in the pediatric population. The subjects to be included in the study are 3-18 years.

- a) Describe the informed consent process.
- b) What factors will determine whether one or both parents must sign the consent form?

Ans. Suggested discussion points

Written parental consent

Children aged 14-17 have the option to sign the parental consent form, if appropriate for the child and if the consent form is on the Plain Language template

Child assent (usually written, but verbal permitted) for children aged 7-14 (or 7-17)

Minimal risk: one parent

Greater than minimal risk, but the possibility of direct benefit to a child: one parent Greater than minimal risk, and no direct benefit, but the potential for generalizable knowledge about the child's condition: both parents.

Q X Case Study 3: (5 Marks)

A sponsor wants to do a retrospective study and approaches you (investigator) to use the medical records from the patient database of your center. Can you give the past medical records to the sponsor? What steps you should take before you can hand over the past medical records?

Ans: Investigator needs IRB permission, and the permission of the subject (taken originally) before handing over past medical records for a new study.

No patient consent required if:

- i. Record review would not pose more than minimal risk to the subject.
- ii. When research will not adversely affect the rights or the welfare of the subject.

When research could not practically be carried out if consent were to be taken.

**Dr. TukaramBapuji Akula**, CEO of Zenrise clinical, Hyderabad, enlightened students on expectations of sponsors and regulatory authorities like MHRA, WHO, USFDA on data integrity. The speaker also stressed the perspective of CRO and regulatory authorities on the conduct of clinical trials in India. In conclusion to his talk, he said data reconstruction needs to be built into a quality management system at a "policy level" and data integrity needs to become a specific focus of regular internal audit programs. The session ended with an exchange of information about volunteer inclusion criteria and awareness campaigns between Dr. Srinivas and Dr. Tukaram Bapuji. The session lasted from 3 PM to 4:30 PM.

After the extensive presentation, the Event witnessed few more case presentations till 5 PM.

About 342 students from Pharm D and B. Pharmacy courses participated very enthusiastically in the various events conducted on this day. Dr Jyothi (Principal), Dr Srinivas (Director), Dr Saritha Jyotsna (Vice Principal) and the faculty members from all the departments participated and shared their thoughts with the students. The responses from the students were overwhelming. Students are looking forward to many more webinars. There were about 408 registrations for this event and e-certificates were issued to participants following the student feedback including 10 MCQ's to evaluate their understanding of guest lectures.

Indian Pharmaceutical Association - Telangana State Branch

Pharmacon Society for Pharmacy Practice (PSPP)

#### **CONFERENCE REPORT**

The Programme started with Prayer song and followed by a welcome address by **Dr N Srinivas**, Director SNVPMV. In his message he stressed upon the importance of launching of Jan Andolan – Mission; and the challenges and opportunities of clinical pharmacist in eradicating TB by 2025. Dr. V Jyothi, Principal SNVPMV gave a message on the need of such webinars to bring awareness among public regarding this mission and thanked the management for giving an opportunity to organize the conference.

**Sri. Ram Prasad Reddy**, Secretary, IPA Telangana State Branch, has appreciated the organizers for conducting this event for the welfare of the society in association with IPA-CPD.

First speaker **Prof. Sunitha Chandrasekhar Srinivas**, Visiting Professor, Rhodes University, South Africa: Special Interest Group Member, IPA-CPD, has delivered talk on "Tuberculosis: A Primer". She insisted the need for team work in controlling the TB infection and associated comorbidities. She gave a wakeup call to correct our way of living style.

Raj Vaidya, Co-Lead Antimicrobial Stewardship Initiative, IPA-CPD. He described the activities of national institutes like CTD, NRL, STDC, IRL, SDS, DTC, TB detection centres, state TB cells, drug resistant TB centre and community volunteers in this mission. He stressed the need of pharmacists to join this mission.

Delivering the next invited talk on "IPA's DOTS TB Pharmacist Project and How Pharmacy Institutes can contribute to TB Free India", **Mrs. Manjiri Gharat**, Vice-President IPA & Chairperson, IPA-CPD, has described the various projects done by the students in association with IPA, PCI and SEARPharm forum, and Central TB division and expansion of the developed models to other states which involved nearly 3000 pharmacists.

Fourth Lecture was delivered on the topic, "Managing the double trouble of TB and Antimicrobial resistance" by **Dr. Karthik Rakam**, President Pharmacon Society for Pharmacy Practice. He enlightened the audience on clinical aspects of TB.

An inspiring message was accorded by Honourable **Dr. B. Prabha Shankar**, Chairman, SNVPMV; Managing Director, Leads Pharma Pvt. Ltd; and President, Indian Pharmaceutical Association, Telangana State Branch. He narrated the activities of IPA-CPD, IPA Telangana Branch, and PSPP in healthcare. He insisted the pharmacists to take active participation, render their services to make this mission a success and become a part of healthy India.

The Final talk was offered by **Dr. Gautam S Kalyatanda**, Infectious Disease Specialist, Assistant Professor, University of Florida, Gainesville, USA, on the topic, "Eradication of TB by 2025". He explained the ways to combat tuberculosis.

A Vote of Thanks was offered by **Dr. T. Saritha Jyostna**, Vice Principal SNVPMV. She thanked all the participants and staff members who have coordinated to make this conference a great success.

There were 330 students from B. Pharm, M. Pharm and Pharm D courses participated as delegates. The entire day we have conducted this event in SNVPMV and the students who participated in this event gained knowledge about different
