REPORT ON INDUSTRIAL VISIT
TO
CLINSYNC CLINICAL RESEARCH PVT LTD
Date & Time of Event – 19th March 2022, 11:30 am

Industrial visit is important in the career of a student especially in professional degree. Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, College for Women, (Sponsored by The Exhibition Society) organized an industrial visit for M.Pharm students of all branches to provide an insight into the internal working of companies. ClinSync Clinical Research Pvt Ltd is a clinical research organization located in Madeenaguda, Hyderabad. The visit to the company is executed on 19th March 2022, at 11.30 am. About 14 M.Pharm students and 4 faculty visited the company on the day.

All the students and faculty reached the company at 11.20 am and registered the names at the reception area. We are instructed to place the phones in silent mode and then was accompanied into the company at 11.30 am. Dr. Sanjay Wajid, Head of Pharmacology department gave an introduction about the company. He explained briefly about pharmacology, importance of testing the drugs for safety and efficacy. Dr. Sanjay elucidated about comparison of test drugs with standard drug for generic drug development, different designs used for the study such as parallel design, crossover design in bioequivalence studies. He clarified that the company mainly conducts efficacy tests through bioequivalence studies in healthy human volunteers. He explained that the actual process of clinical research starts with collection of volunteers, their registration, taking consent from them, screening the volunteers for their health to check whether they are suitable for the study and prior informing them of the date of commencement of study.

Dr. Sanjay mentioned that on the day of study the volunteers will be explained about the study, risks involved during the study and their willingness for the study will be recorded visually with their sign, date and time. He further described that one day prior to the study the volunteers are given uniform, ID cards, subjected them to either 10 hours fasting study or fed study by giving high fat and high calorie food, administering the test, deciding the sampling points based on C_{max} and T_{max} and collection of blood sample after suitable intervals. He explained that any adverse event during the study should be treated whether it is related to the drug or not and

given compensation accordingly if any abnormalities or deaths occurs. Dr. Sanjay clarified that to conduct any procedure during the study standard operating procedures should be followed. We are then guided to different areas in the company such as volunteer registration area, volunteer waiting area, sample collection point, ECG room, Investigators room, ICU, Pharmacy, wards, bioanalytical area, dosing and vital station, sampling process area, storage area, washroom. Dr. Sanjay explained that all areas in the company have access control, ICU have 12 beds, wards have 160 beds and sodium monochromatic light fixed to check for any light sensitivity. He mentioned that the drugs come to the pharmacy, stored in controlled environment, placed in individual containers, collected from these containers when required. Dr. Mamatha, Dr. Praneetha, Dr. Harika clarified their queries with Mr. Sanjay after the session.

Mr. Pavan Kumar, junior executive of the company then took over the session to explain about Bioanalytical department. He explained about bioavailability and bioequivalence studies, pilot and pivotal studies. He then guided us to central sample storage area which consists of refrigerators where samples are stored at -20°C and -70°C . Then we are taken to sampling processing area consisting of BOD incubator, vortexer, cooling centrifuge, micropipette, repetitive pipette, nitrogen evaporator, balance room. Mr. Pavan took us to LCMS area which consists of different chromatographic equipment such as LCMS, HPLC and Mass spectroscopy. Sampling are being analyzed in the room by the personnel present.

Mr. Maddela Rambabu, Vice President of ClinSync Clinical Research Pvt Ltd also shared his valuable words with students and the faculty. He enlightened us with his different roles after completion of M.Pharm. He suggested students to complete PhD first and then work in any company. Mr. Rambabu stressed regarding the different opportunities in the field of Pharmacy after M.Pharm. He told the students to learn the work in any area from any person regardless of their qualification and do 100% to achieve big in future. Dr. Mamatha, Dr. Praneetha, Dr. Harika and Dr. Lavanya clarified their queries with Mr. Rambabu. Dr. Mamatha thanked Mr. Rambabu for giving the opportunity for the visit, enlightening the students with his words and guiding us throughout the visit. The session ended at 2.30 pm.

Enal Drugs Private Limited is an ISO 9001: 2015 certified company, involved in developing and producing anti ulcerative drugs, their intermediates, and also other active pharmaceutical ingredients (APIs) and intermediates.

The objective of this visit was to provide exposure on bulk drug industry to understand the technology and the equipments used for the production of active pharmaceutical ingredients (APIs) and intermediates. Different departments were found which include Production, Quality Control, Quality Assurance and Research & Development. B. Pharm VIII Semester, 20 students participated in the visit which was successfully coordinated by Dr.T.Mamatha and Dr S. Anuradha Bai. We started from our college at 10:30 am and reached our destination at 11:30 am. A brief introduction about industry was given by Manager of company.

Enal Drugs Pvt Ltd., manufacturing API's, those are Lansoprazole, Rabeprazole, Dexlansoprazole Sodium, Betahistine Dihydrochloride, Betahistine Mesylate, Paroxetine Hydrochloride, Paroxetine Mesylate, Esomeprazole magnesium Trihydrate, Esomeprazole magnesium Dihydrate, Levosulpiride.

Firstly, we went to Warehouse where we got to learn how the raw material entry, sampling, quarantine area, approved material storage area, and packaging materials are stored.

Then we were taken to production area where we got to know about reactors. In that area total 6 reactors are there next two reactors are in crystalline 1 and crystalline 2 rooms then we entered into wet area and dry area where betahistidine dihydrochloride was drying in trays and passed through mesh. After that product can be shifted to quarantine area then to packing room. The next area we visited was washing area where different equipment was washed according to developed cleaning procedure, we were informed about cleaning and validation procedures. Final product processing and packing areas and final product holding rooms are provided with positive filtered air supply. Each room in final product handling areas is supplied with 0.3 filters.

Next we entered in to Pharma block. The pharma block is designed for production and handling of APIs, consists of change rooms, corridors, centrifuge room, drying room, milling & packing

room, quarantine room, pharma storage rooms, etc. Two types of reactors are under utilization, namely stainless-steel reactors and glass lined reactors. Centrifuges for isolation, treating with charcoal to remove impurities, crystallization and precipitation of solids from liquid phase was observed. Based on the nature of wet products to be dried, different types of driers available are rotary cone vacuum driers (RCVD) and tray driers (TD). The RCVD, which is used to dry the product, can be also used for blending of the individual lots. For uniform particle size of the product, sifters and pulverizes are used to pulverize large size particles to have uniform particle size. All were made of stainless steel. All the equipments are were well maintained and preventive maintenance status was mentioned by equipment name, equipment ID No, done date, done by, checked by product name, batch no, status, Sign and Date.

Then we moved to Quality control department which is independently responsible to approve or reject the raw materials, in-process, intermediates and finished products. To meet the current global quality standards, the department is well equipped with the modern quality control instruments. In QC we have seen various analytical instruments like HPLC, GC, furnace, polarimeter, intermediate analysis, API analysis and also observed various sampling procedures. In this visit students were very eagerly waiting for listening to industrial higher authorities.

Quality Assurance (QA) is responsible to monitor overall quality operations and facilities as per CGMP. Which is also responsible for the documentation and information flow to the regulatory authorities.

Finally we entered into R & D facility which was well equipped with various equipments to perform variety of chemical reactions and continuously evolving processes of new drug molecules and process development for existing molecules by employing latest and most appropriate technologies. The R&D is responsible for scale-up & implementation of new drugs at plant level and proposed remedies to resolve the trouble shooting in the manufacturing area. Thanks to Mr.Shankar, Asst.Manager who explained each and every equipment operation and also answered many questions raised by us.

We thank our management for providing this opportunity to visit industry.

REPORT ON WORKSHOP ON INTERVIEW SKILLS

Topic of the Event – Interview Skills

Date –3rd, 4th and 6th June 2022

Hosted by - Sarojini Naidu Vanita Pharmacy MahaVidyalaya, Tarnaka, Hyd.

Sarojini Naidu Vanita Pharmacy MahaVidyalaya, College for Women, (Sponsored by The Exhibition Society) in association with TASK, Telangana State branch has organized a workshop on the topic “Interview Skills” on 3rd, 4th and 6th June, 2022. The Guest Speaker for the workshop was Mr. Marc, TASK Telangana.

This report was written by students.

These classes are titled as 21st century transferrable skills which were conducted by TELANGANA ACADEMY FOR SKILLS AND KNOWLEDGE where they taught about the intrapersonal, interpersonal skills of person.

The first day of class has started with the game of counting numbers from 1-50 in two different batches where we were said to count 1-50 and which team count the fast with clarity of numbers are announced to be winners, where in this game we got to know about communication skills. Communication skills play a vital role in daily communication.

We got to know that communication never be a one-way process it is always a two-way process which means when an information is passed the sender encode it and the receiver decodes it.

For an effective communication one should always listen effectively. There can be barriers for an effective communication like noise, lack of eye contact, any kind of physical barrier, language barrier, etc.,

Later on we gathered at the entrance of campus for an outdoor activity where we were said to count from 1-5 from the start to end of line, which lead us to divide into 5 teams like all

ones in a group and all twos in a group and so on and later in each team were 5 players were selected and 4 players were blindfolded and 4 articles were placed at different places and one person in middle has to guide them to collect the articles and handover these to the person in the middle. The team which takes less time to complete the task has announced as the winners.

In this activity we got to know what the difference between listening and hearing.

Hearing means for example we hear sounds like telephone ringing, birds chirping, horns of vehicles etc., but we don't actively pay our attention to these sounds, even though we hear these. It's just our conscious attention, where listening is something done consciously that involves the analysis and understanding of sounds you hear which utilize energy.

On forward of the session we were said to witness a TED Talk show of Kiran Bedi where she verbalized how she remade one of India's toughest prisons of over 10,000 of prisoners into a community support without the government financial support.

We continued with learning about how one should appear for an interview? How one should maintain their posture during the interview? How the attire should be for an interview?

We conclude day one with a task for very next day of giving a presentation using a chart paper.

On the very next day (second day) we started the day with the chart presentation in groups and later we were taught about intra personal skills like expressions, emotions, change, etc., which says about internal ability of a person to know and discover him/herself. They made us understand how to handle your emotions, frustration, excitement, how to behave under stress etc.,

We got to know about emotions what's the difference between happiness and joy, sad and depressed etc., in this we were also able to distinguish between sympathy and empathy

For example, where sympathy means acknowledging that the other person is going through an emotional or physical struggle, supporting them and giving them comfort. Whereas for empathy is understanding what other people are feeling because you've had a similar experience yourself or your able to put yourself in that situation.

Later that day we were again called to the entrance of campus for other activity named land mines which is played against 2 different groups. In this game one team is supposed to walk through a set of numbers which were drawn on ground and the other team has to place mines in some order without the other team knowing so when team 1 steps on an number where they place a mine they gets eliminated and likewise which team members passes out the box with less eliminated players are announced winners. From this activity we got to know about critical thinking, how one should understand others feelings, how we should not step on others feelings or get them hurt knowingly or unknowingly.

We have watched a video saying 'who stole my cheese' where we got to know that we

should change according to the situations and surroundings if not the life get back with a powerful strike.

For this to understand clearly we were shown a picture of picnic items to carry from that we were supposed to note down a 10 selected items. Later from that we were said to take of 4 items from list and then we were again placed in a group and told us to note down only 6 items which can further carry forward and all the items selected should be accepted by all the members and so on so that we have understood that if we don't change ourself if required along with us our surrounding people will also get affected in a bad way.

The third and the day was started with an oral presentation on 2nd day topics eventually the instructor has said us to take a piece of paper and to sketch our dream car and write down the 3 unique qualities of the car.

Finally for each group they were given a bunch of newspapers and said to build a tower with those paper only without using other materials. And the tower should last at least of 30 seconds when a 500ml of water bottle is placed on it without falling down.

From this we got know that in any situation we have to think out the box and make the work done in a group.

This is the winner teams tower

Like this we have completed the TASK 3 day session with great knowledge.

For this National seminar, the numbers of participants attended were about 290.

The programme started at 10:30 am. Ms. Richa of Pharm D started the program and invited all the dignitaries onto the dias. Ms. Apoorva and Ms. Gauri welcomed the guests with a bouquet. The program is then followed by lighting of lamp by chief guest and a prayer song “Vande matharam” by Ms. Lisa Patel and group. Later, Dr. B. Prabhashankar, Chairman, SNVPMV, addressed the session and cordially welcomed the chief guest, Dr.(Col).V.P.Singh. Sir, thanked the chief guest for accepting the invitation of delivering a seminar and briefly explained covid-19 pandemic effect on our lives. Ms. Akanksha introduced the chief guest to the participants.

At 11. 10 am Dr.(Col).V.P.Singh started the session with the first topic “Social impact of Covid-19 pandemic”. Sir mentioned that Covid-19 had become the largest global health emergency of 21st century. He gave an insight on the problems faced during social distancing or isolation, effect of online classes on children, addiction of young ones to social sites from 2 years, increased burden on women at homes, problems faced by the less privileged due to loss of their jobs, effect of travel bans on importing of essential commodities for example, from China to other countries, effect on economy on all countries. Dr. (Col) V.P. Singh has explained the importance of vaccination to develop herd immunity and to overcome new variants until 2024. He stated that education system is going in a direction of passing information. Sir stressed the importance of classroom teaching over online teaching, availability of internet in India, impact on skills and career of students due to online teaching, gender inequality in education during pandemic, school drop rates and increased sexual assaults and molestations at home. Dr.(Col).V.P.Singh emphasized regarding the psychological trauma faced by people during the

last 2 years, social stigma towards nurses, pilots, drivers, air hostess who come in contact with covid patients, consequences of misinformation regarding medication, decreased healthcare seeking behaviour and increased suicides due to fear of corona. The participants were enthusiastic and were listening with extreme intrigue as the session was informative and thought provoking. Few students asked questions to the chief guest after the session. Throughout the session sir enlightened the students with his shayari. At 12.30 pm the session was ended with a tea break.

Post break Dr. (Col).V.P. Singh started the second topic “Staying strong at difficult times”. Sir asked the students about the difficult times faced in their lives. Sir differentiated emotional mind, analytical mind and to accept the reality in case of difficult situations. Sir explained students to conquer fear, to learn to relax, to live in reality, communicate with good people incase of difficulties, have positive thoughts, don’t think of things that we don’t have, identify your strengths and overcome your weakness.

POST LUNCH SESSION

Afternoon session was started at 2.30 pm after the delicious lunch in our college. The session “ Being Human” was started graciously with the claps of the audience for the beautiful long poem sung by Dr. (Col) V.P. Singh in Hindi stating the greatness of “AADMI” for about 3 min without break. Sir has explained about the origin of humans in his presentation starting from Universe, origin of life and evolution into humans. He spoke about civilization, Industrialization, how the humans are different from animals in- size of brain, handling of tools, capacity to think etc. He extended his talk on Brain minded complex i.e., how mind works as a miracle or become a mess. He told that mind is a mixture of emotions (Navarasa), intelligence, memory, imagination etc and all the emotions are equal for both men and women. If any of the emotion is suppressed, the same emotion will be reverted back in future therefore every human being should be like a child in expressing their emotions which is an important way of relieving stress.

During the session, ‘To be young in these times’, sir pictorially explained about the emotions in an average teenage brain, problem solving, complexity of thinking, personality development, group dynamics and morality. He emphasized that morality is required in everything with which pleasure is associated. With supreme knowledge and experience, he explained beautifully about the nuclear family and joint family clearly stating their own advantages-

disadvantages, finally supporting the joint family system. As an answer to the question raised by Dr. B. Prabha Shankar Sir, President, IPA, TS-branch, he clearly stated about the generation gaps and the alterations in the behavior of children from the generations. The students were so enthusiastic and ardent in listening to him.

Sir gave an insight on sociology, social borders, empathy, prayer and humanity. He stated that *“The greatness of Humanity is not only being human but also humane”*.

At the end of the session, Sir encouraged the students to put out all their queries. Students were very ardent and asked various questions on the discussed topics. All the questions were patiently answered by sir, making the session, both interesting and interactive. It was overall, extremely helpful and interesting to all the attendees. Finally, Dr. (Col) V.P. Singh sir was felicitated by our Chairman, Dr. B. Prabha Shankar sir and all dignitaries on the dias.

The vote of thanks was delivered by Dr. T. Mamatha, Vice Principal, SNVPMV, by expressing gratitude to the guest speaker, Dr. (Col) V.P. Singh for his excellent and tireless talk on the topic and thanked all the participants for making the session successful. Participation certificates were issued to all the participants.

REPORT ON WORLD BOOK AND COPYRIGHT DAY

Date & Time of Event – 23rd April 2022, 10:00 am

Hosted by - Sarojini Naidu Vanita Pharmacy MahaVidyalaya, Tarnaka, Hyd.

Sarojini Naidu Vanita Pharmacy MahaVidyalaya, College for Women, (Sponsored by The Exhibition Society) organized an event on the occasion of World book and copyright day.

Books play an important role in every student's life by introducing them to a world of imagination, providing knowledge of the outside world, improving their reading, writing and speaking skills as well as boosting memory and intelligence. On World Book and Copyright Day, especially in uncertain times, we must cherish and acknowledge the importance of books. For this reason, every year, on 23 April – a date that marks the departure of three great authors of universal literature, Miguel de Cervantes, William Shakespeare, and Inca Garcilaso de la Vega – we celebrate their captivating power to spark innovation, generate knowledge and change minds.

World Book Day, also known as World Book and Copyright Day or International Day of the Book, is an annual event organized by the United Nations Educational, Scientific and Cultural Organization (UNESCO) to promote reading, publishing, and copyright. The first World Book Day was celebrated on 23 April in 1995, and continued to be recognized from that day.

Mrs. Sudha, the librarian, and Shivani, PharmD IV-year student and other students helped in organizing the event. Mrs. Sudha had an idea of displaying reference books of all subjects in the library and make the students aware of reference books in the college and inculcate the knowledge of different books for each subject. She shared the thought with the principal, Dr. Saritha and it was immediately accepted. To make the idea into practice Mrs. Sudha, with the help of attender Ashwini and student Shivani worked for the program. They decorated the library with flowers, made a selfie zone containing title of the event, arranged books in the library subject wise, prepared a video of books in the library and exhibited in library on the day of event. 10-15 reference books were displayed for each subject in a way they are easily visible. The program started at 11 am.

Students of B.Pharm, M.Pharm and Pharm.D in batches of 20 were made to visit the book show for every 30 min. About 270 students attended the event enthusiastically. Director, Dr. Srinivas;

Principal, Dr. Saritha Jyotsna; Vice Principal, Dr. Mamatha and other faculty are also part of the program. Dr. Srinivas, Dr. Saritha, Dr. Mamatha, Dr. Anuradha, Dr. Jyothi explained the students about the importance of reading books, about Pharmacopoeia's, how to use them, which reference book to be used for each topic. Many students were overwhelmed by the Anatomy and physiology book authored by Richard Paul. They liked the way each part of our body is shown in the book. Students were totally impressed by the book event and thanked the organizers for conducting the event.

Club activities are arranged in the afternoon and the activities were designed considering World book day. The activities were organized by faculty Dr. Siva Jyothi, Dr. Bhavana, Mrs. Rajeswari, Mrs. Hymavathi, Mrs. Husna and Ms. Ayesha and the program started at 3 pm. Dr. Bhavana hosted the program and started with a statement on importance of books in our life, mentioned about few books such as, History of India, Mythological and fictional books, books authored by Amesh Tripathi and mainly focused on Shivastrilogy and Ramachandra series. She started the activities and explained the 5 rounds to be conducted. First 2 rounds are based on books and the other 3 are entertainment rounds.

In the first round, students were made to talk about their favorite books. 6 students participated in the round and shared their view about the books. Ms. Sharvani of Pharm D III year discussed about Chetan Bhagath stories. Second round is rapid fire round, where students were made in groups of four each and asked 10 questions with one mark each on general knowledge, Pharmacy related, books and authors related. Group A won the round with 7 points. The other 3 rounds are dumb charades, extempore and spontaneous dancing. Both students of B. Pharm and Pharm D participated in the 3 rounds in groups of 4. All the students enjoyed participating in the activities and Dr. Bhavana thanked the students and faculty for taking part in the event. The program ended at 5 pm.

Srinivas, Director SNVPMV, Introduction of the Speaker Dr. J. Sreekanth, Director, Progeneric Pharma Pvt. Ltd, Hyderabad was given Akansha Pharm.D II year & Introduction of the Speaker Dr. N. Srinivas, Director SNVPMV by Reecha Patel Pharm D IV year, which was followed by the session.

During the first session, J. Sreekanth Sir discussed about Industrial opportunities of Pharma Graduates. In short he presented that this is the time for Pharmacy students to grab opportunities. For next 2 decades there is a tremendous growth in the Pharmacy field. He informed the students to have a fundamental knowledge in their field; as well attitude, regularity, discipline & eager to learn are the keys to become success in the industry. It is very important to complete PG. He mentioned they are giving training to the students in his Industry which is very much helpful for students

The second session led by Dr. N. Srinivas on Clinical research. In his presentation he presented,

The skills required for Pharma Graduates & Job positions in the clinical field. Why it is important & who is there in clinical research. He informed the students about the importance of

team work & the success behind that. Sir gave detailed account on Clinical research field. He explained various phases for conducting clinical trials by taking examples. The participants were enthusiastic and were listening with extreme intrigue as the session was informative and thought provoking, especially for students who look forward to make a career in the field of clinical research. Sir went on to explain about the process, the phases that lie behind a drug's development.

Further, Dr. N. Srinivas Sir briefed the attendees about Sarojini Naidu Vanita Pharmacy Maha Vidyalaya college different courses offered in the college also explained about the different branches like Pharmacovigilance, Regulatory affairs, and preference/demand for pharmacy graduates in these courses. At the end of the session, Sir encouraged the students to put out all their queries regarding mostly on scope of medicinal chemistry, Regulatory affairs, Data entry and any other questions. Students were very ardent and asked various questions about the Career Opportunities for Pharma Graduates. All the questions were patiently answered by Sir, making the session, both informative and interactive. It was overall, extremely helpful and interesting to all the attendees.

The vote of thanks was given by Vice Principal Dr. T. Sarita Jyotsna to the guest speakers, Dr J. Sreekanth & Dr. N. Srinivas for their excellent coverage on the topic of the webinar and thanked all the participants for making the session successful.

REPORT ON ALUMNI MEET -2022

Title: Alumni Meet Report - 2022

Date: 31/7/2022 at 4 pm

Venue: Auditorium of Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV), Tarnaka, Hyderabad.

Introduction: Alumni is the term used for a passed out or ex-student of a school/college/university. When the ex-students of an institute are called for a meet event, then it is called the alumni meet. Alumni meet is a fun and memorable event for every passed-out student. They get a chance to meet their classmates, friends, and teachers and relive the heartfelt moments of their life. In the alumni meet, people also get a chance to share their stories, struggles, and success tips..First of all, we want to welcome the alumni of this school who took time out of their busy schedules to be with us here today and who have excelled in the respective fields of their careers. In this meet sure that each one of us will surely learn a lot from you all and hope that this meet brings you back a lot of heartfelt and wonderful moments of your life.

ADDRESS BY PROF. B. LAXMINARAYANA GARU -THE CHIEF GUEST

He appreciated the exhibition society for serving many educational institutions educating about 30000 students and employing more than 2000 members and wished to run medical college by the exhibition society in near future. He acknowledged the role of parents and untiring efforts of management, staff for shaping the students in a proper way for their bright future.

ADDRESS BY PROF. Y.MADHUSUDHAN RAO GARU-GUEST OF HONOUR

Sir, said that valuable changes are taking place in the field of pharmaceutical sciences.

He encouraged all the students to work in hospitals .Pharm D students are also working along with duty doctors in various cities like Warangal.

Hyderabad, Bangalore etc. He said that in many countries, Pharm D courses are accepted as such without any further degree in their country which is a good consequence. He also stated that in future, pharmacists can see the opportunities coming up with Artificial intelligence.

He suggested that pharmacists have plenty of opportunities like medical coding, artificialets

ADDRESS BY DR. SREE TEJAKARA-GUEST OF HONOUR

. He proudly appreciated the efforts of teachers and parents. Sir also explained that, pharmacists in providing good health especially in the Covid pandemic situation. He also encouraged all the budding pharmacists to complete their education with dedication,

discipline and determination to achieve their goals & get good name in the society.

Conclusion: Alumni involvement in decision-making: Providing opportunities for alumni to contribute their ideas and expertise helps them feel invested in the institution's growth

Alumni Meet was a remarkable event that successfully rekindled the spirit of unity and nostalgia among the alumni of our institution. It was an occasion to celebrate achievements, renew old friendships, and inspire the next generation of graduates. Alumni students and faculty enjoyed and ended with dinner.
