College Library

A well-stocked, air-conditioned library with enough ventilation on the top floor is ideal for reading and studying. The library subscribes to 12930 volumes, 1229 book titles, 24 national periodicals, and 16 international publications. All staff and students have given access to national and international publications and books; the institute offers high speed internet connection in all the systems in the digital library.

Details of Integrated Library Management System

Name of the ILMS software: NEWGENLIB software.

Nature of Automation: Library is fully automated

The library has been created and kept up to date by Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, and it is equipped with all the required learning tools, including a constant (100 MBPS) internet connection. The library's funding guarantees that the most recent books and publications are available. The institute is attempting diligently to increase the number of library digital resources it acquires. Additionally, the library provides the following amenities to students, faculty, and researchers to improve their learning environments.

Library has 12930 volumes, 1229 book titles, 24 national periodicals, 16 international publications, 3 Pharma magazines, 5 news papers.

Delnet Subscriptions available for e-journals/e-resources.

Exclusive library space for UG/PG students/Faculty.

A computer workstation (Digital Library) is available to faculty, research scholars and students to provide online and Internet services.

The working hours of the library are 9:30 am to 7.30 pm.

Wi-Fi is available in all reading areas.

Bar-coding and book search facilities are also available in the library for ease of resource access.

NEWGENLIB: (Library management software)

Using NEWGENLIB software, the library is computerized and automated. All students, academics, and teachers have free access to the software. We give open access to all students on campus and smart packages to library users. The list of books has barcodes, which makes it simple to look for the books that are available. The main features are
