REPORT ON WEBINAR PHYSICOCHEMICAL PROPERTIES AND DRUGDESIGN

Summary

The number of participants registered 600 and attended the seminar were 500.

The programme started with the welcome address was given by our Principal Dr. V. Jyothi inviting our guest speaker Prof. A. Raghuram Rao garu.

Dr.N.Srinivas, Director and Dr. T. SarithaJyostna, Vice Principal shared their experiences about speaker. Dr. S. Anuradha Bai introduced the guest speaker to the participants which was followed by the session.

The lecture was aimed to understand the basic concepts related to drug design, such as.

- Physico-chemical properties in relation to biological action.
- How complicated biological processes can be modelled using simple physicochemical properties.
- Role of Lipinski's rule-of-five in design of drug compounds amenable to delivery via the oral route.

The session was concluded by our chairman, Dr.B. Prabha Shankar garu, by expressing his gratitude and appreciation for Prof. A. Raghuram Raogaru. The participants clarified their doubts regarding the session. Finally the vote of thanks was given by Asst. Prof.Mrs.K.Vinutha, who thanked the guest speaker and all the participants for making this webinar successful.

One Day Virtual Conference on “Challenges in the Conduct of Clinical Trials in India- Skills Required for Pharmacy Graduates”: April 16, 2021

Organized by: Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV)

In Association with: Indian Pharmaceutical Association, Telangana state branch.

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (SNVPMV) has conducted one-day virtual conference on the theme ‘Challenges in the conduct of clinical trials in India- skills required for pharmacy graduates’ on 16th April 2021, from 10 am to 5 pm. SNVPMV has always made a continuous and persistent effort to train the pharma community on the latest trends in various thrust areas.

The virtual conference was started with an invocation to almighty by a prayer song by Ms Apoorva, a student of III-year B. Pharmacy. This one-day webinar was hosted by Ms. Poojitha and Ms PushpaSri, students of Pharm.D V year, Malik Kainat of IV-year B. Pharmacy, and Ms Rachna of III-year B.Pharmacy. The welcome address was presented by Dr N. Srinivas, Director, SNVPMV. He spoke on the significance of the conference stating that the conduct of clinical trials in India throws a lot of challenges in views of major regulatory amendments in the year 2013 and 2019, lack of clinical trial experience among medical fraternity and treatment-naïve patients. The Inaugural event was witnessed by our management members: Mr. Sainath Dayaker Shastry, Hony Secretary (online) and Mr. B. Laxman Sena, Hony Treasurer (offline), SNVPMV.

Dr V.Jyothi, Principal, SNVPMV in her message has encouraged the students to participate actively in all the events. Mr. Laxman Sena, Hony Treasurer, SNVPMV encouraged the students to involve actively in all the scientific sessions and co-curricular sessions organised on the occasion. Dr.T. Saritha Jyotsna, Vice Principal, SNVPMV has ended the inaugural event with a vote of thanks to all the dignitaries present.

As a part of the event, Guest speaker, Dr Padmavati Vutukuru, Head of the pharmacology department, Malla Reddy Medical College has delivered a talk on “Investigator perspective and challenges faced by the principal investigator (PI) in the conduct of clinical trials in India”. She emphasised on responsibilities of PI and how PI can ease the challenges faced during the conduct of clinical trials in India. Speaker concluded that the success or failure of a clinical trial ultimately depends on the efficiency and capability of PI and that the role of PI is not only crucial from the conduct of study point of

view but also associated with many challenges. The session was actively attended by 320 participants from 10:40 AM to 11:40 AM and the session ended with enthusiastic questions from all the participants and appreciation from Sri Sainath Dayaker Shastry, Hony. Secretary, SNVPMV about the way the talk was conducted and the zeal it created among the participants.

In the second invited talk which started at about 11:45 AM, Mrs Suhasini Mudraganam, MSc, MS(USA), CDE, chief nutritionist, possible(Formerly true weight) has shared her insights and thoughts on nutrition and immunity. During her exuberantly informative talk, she has stressed the importance of nutrition and immunity during this covid pandemic time and also highlighted the importance of the gut microbiome and the role it plays in immune responses elicited by the body. The session was highly interactive with 342 participants. The session ended with questions pouring in from participants and Dr V.Jyoti, Principal, SNVPMV thanking the guest speaker and planning another session in the near future. Dr N.Srinivas, director, SNVPMV appealed to the students to develop strong skills in nutrition and immunology as most of the concerns of patients are from these areas. He informed that this session will also help in patient recruitment and retention activities if undertaken by the students in future.

The session was paused for a lunch break and followed by clinical case presentations. Some of them are given below:

Case Study 1: (5 Marks) In a central laboratory, a pediatric sample comes in with a different name on the tube, and a different name on the paperwork. You are the technician at the central Lab & you know that asking for another blood sample from the investigator is very difficult as this is a pediatric trial. How will you proceed?

Ans: As a technician, it's your responsibility to see if this can be resolved. Over the phone? Or with fax?

Any discrepant or missing information should be communicated to the Site and verified promptly before specimens are processed, stored, or results issued. Any contact with the site personnel has to be documented in the lab data Clarification form. The protocol should mention the rejection criteria of a sample clearly.

Case study 2: (5 Marks) You are involved in a study on a new drug for worm infestation in the pediatric population. The subjects to be included in the study are 3-18 years.

Secunderabad-500 017.

a) Describe the informed consent process.

b) What factors will determine whether one or both parents must sign the consent form?

Ans. Suggested discussion points

Written parental consent

Children aged 14-17 have the option to sign the parental consent form, if appropriate for the child and if the consent form is on the Plain Language template

Child assent (usually written, but verbal permitted) for children aged 7-14 (or 7-17)

Minimal risk: one parent

Greater than minimal risk, but the possibility of direct benefit to a child: one parent

Greater than minimal risk, and no direct benefit, but the potential for generalizable knowledge about the child's condition: both parents.

Q X Case Study 3: (5 Marks) A sponsor wants to do a retrospective study and approaches you (investigator) to use the medical records from the patient database of your center. Can you give the past medical records to the sponsor? What steps you should take before you can hand over the past medical records?

Ans: Investigator needs IRB permission, and the permission of the subject (taken originally) before handing over past medical records for a new study.

No patient consent required if:

i. Record review would not pose more than minimal risk to the subject.

ii. When research will not adversely affect the rights or the welfare of the subject. When research could not practically be carried out if consent were to be taken.

Dr. TukaramBapuji Akula, CEO of Zenrise clinical, Hyderabad, enlightened students on expectations of sponsors and regulatory authorities like MHRA, WHO, USFDA on data integrity. The speaker also stressed the perspective of CRO and regulatory authorities on the conduct of clinical trials in India. In conclusion to his talk, he said data reconstruction needs to be built into a quality management system at a "policy level" and data integrity needs to become a specific focus of regular internal audit programs. The session ended with an exchange of information about volunteer inclusion criteria and awareness campaigns between Dr. Srinivas and Dr. Tukaram Bapuji. The session lasted from 3 PM to 4:30 PM.

After the extensive presentation, the Event witnessed few more case presentations till 5 PM students from Pharm D and B. Pharmacy courses participated very enthusiastically

in the various events conducted on this day. Dr Jyothi (Principal), Dr Srinivas (Director), Dr Saritha Jyotsna (Vice Principal) and the faculty members from all the departments participated and shared their thoughts with the students. The responses from the students were overwhelming. Students are looking forward to many more webinars. There were about 408 registrations for this event and e-certificates were issued to participants following the student feedback including 10 MCQ's to evaluate their understanding of guest lectures.

REPORT ON WEBINAR

Topic of the Event –Global Clinical Trials: Opportunities for India Date & Time of Event –
18th June 2021, 4:00 pm

Speaker: Dr .GangadharSunkara, Senior Global Program Clinical Head, Novartis, New Jersey,
United States.

Hosted by Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, Tarnaka, Hyderabad

SUMMARY

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya, College for Women, (Sponsored by The Exhibition Society) organized a webinar on the topic “Global Clinical Trials: Opportunities for India” on 18th June 2021, at 4:00 PM. The Guest Speaker for the webinar was Dr .GangadharSunkara, Senior Global Program Clinical Head, Novartis, New Jersey, United States.

For this webinar, the number of participants registered were 394, and the number of participants that attended the webinar were 256.

The program started at 4:00 pm with the prayer song by Ms.Apurva from B Pharmacy. The welcome address was delivered by Dr. N. Srinivas, Director. He cordially welcomed the guest speaker, Dr. Gangadhar Sunkara, followed by a message by Principal, Dr. V. Jyothi. Student, Ms. Richa Diggikar of Pharm D 4th Year took the lead to anchor the webinar and introduce the guest speaker to the participants, which was followed by the session.

During the session, Dr. Gangadhar Sunkara Sir discussed about clinical trials that are conducted in research programs and the role, India is currently holding in it. The participants were enthusiastic and were listening with extreme intrigue as the session was informative and thought provoking, especially for students who look forward to make a career in the field of clinical research.

With supreme knowledge and experience in clinical research, the Speaker gave a brief introduction of what global clinical trials are, and elaborated on how they are conducted. He explained the intricacies involved in the conduct of various clinical trial phases in the drug development. The discovery and development cycle including phases of target selection and marketing, during a drug’s design and generation were explained.

Dr. Gangadhar Sunkara gave an insight on the statistics involved in the R&D of a drug, illustrating various case studies. The students have got an idea about how many drugs on an average get approved, and how many preclinical tests are done before a drug gets approved. The research oriented students, in particular, got an idea about the domain, and how things move about.

Further, Dr. Sunkara briefed the attendees about the learning module in Clinical Trial Registry of India (CTRI). As a help to the students, he also showed the website related to the global clinical trials registry. Moving ahead, he gave information about where the Indian CR market currently lies in the field of clinical trials and our promising future ahead in the same. Dr. Sunkara then spoke to the attendees about Central Drug Standard Control Organization (CDSCO), which was heard by the students in a very riveting nature.

At the end of the session, Dr. Sunkara encouraged the students to put out all their queries regarding research, scope in the subject, and any other questions. Students were very ardent and asked various questions about the research behind the COVID 19 Vaccine, other drugs, scope for Indian students in the USA, in research, VISA sponsorships for the same, and certificate programs related to drug development. All the questions were patiently answered by Dr. Sunkara, making the session- both informative and interactive. It was overall, extremely helpful and interesting to all the attendees.

The vote of thanks was given by Dr. T. Saritha Jyostna, by expressing gratitude to the guest speaker; Dr. Gangadhar Sunkara for his excellent coverage on the topic of the webinar and thanked all the participants for making this session successful.

Interactive Session Report: "Group Discussion and Communication Skills"

Date: 13th November, 2020

Time: 11:30AM

Presenter: **Mr. Deepankar**

Introduction:

The interactive session on "Group Discussion and Communication Skills" was virtually conducted on 13th November, 2020. The event was designed to help participants develop effective communication skills and excel in group discussions, a critical aspect of academic and professional life.

Summary

Welcome and Introduction (11:30 AM - 11:45 AM):

The session began with a warm welcome to the participants, including students and faculty members. Deepankar introduced the session's objectives and the importance of communication skills and group discussions.

Understanding Group Discussions (11:45 AM - 12:15 AM):

Deepankar provided insights into the purpose and structure of group discussions. Participants learned about the key elements of a successful group discussion, including active participation, respectful communication, and structured arguments.

Effective Communication: The session covered the fundamentals of effective communication. Deepankar emphasized clarity, active listening, and the art of concise expression. Participants engaged in interactive activities to practice these skills.

Group Discussion Practice:

Participants were divided into groups and given topics for discussion. They practiced conducting group discussions while keeping in mind the principles learned in the session. Deepankar provided feedback and guidance.

Handling Challenges (1:00 PM - 1:30 PM):

The session addressed common challenges faced in group discussions, such as dealing with conflicting opinions, managing time, and maintaining a balanced conversation. Strategies for overcoming these challenges were discussed.

Q&A and Feedback (1:30 PM - 2:00 PM):

The session concluded with a Q&A session, during which participants could seek clarification and share their insights. Deepankar provided feedback on the group discussions and answered questions related to communication and group discussion skills.

Key Takeaways:

The interactive session left participants with several key takeaways:

- A deeper understanding of the structure and purpose of group discussions.
- Improved communication skills, including clarity and active listening.
- Practical experience in conducting and participating in group discussions.
- Strategies for addressing common challenges in group discussions.

Conclusion:

The "Group Discussion and Communication Skills" session was an enriching experience for all participants, helping them develop essential skills for effective communication and group discussions. It equipped students and faculty with the knowledge and techniques needed to excel in both academic and professional settings.

We express our gratitude to Deepankar for sharing their expertise and facilitating this interactive session. Such events play a crucial role in enhancing the overall educational experience and preparing individuals to succeed in their respective fields.

REPORT ONE DAY VIRTUAL CONFERENCE ON

The Programme started with Prayer song and followed by a welcome address by Dr N Srinivas, Director SNVPMV. In his message he stressed upon the importance of launching of Jan Andolan – Mission; and the challenges and opportunities of clinical pharmacist in eradicating TB by 2025. Dr. V Jyothi, Principal SNVPMV gave a message on the need of such webinars to bring awareness among public regarding this mission and thanked the management for giving an opportunity to organize the conference.

Sri. Ram Prasad Reddy, Secretary, IPA Telangana State Branch, has appreciated the organizers for conducting this event for the welfare of the society in association with IPA-CPD.

First speaker Prof. Sunitha Chandrasekhar Srinivas, Visiting Professor, Rhodes University, South Africa: Special Interest Group Member, IPA-CPD, has delivered talk on “Tuberculosis: A Primer”. She insisted the need for team work in controlling the TB infection and associated comorbidities. She gave a wakeup call to correct our way of living style.

Second talk on the topic “National TB Elimination Program”, was orated by Mr. Raj Vaidya, Co-Lead Antimicrobial Stewardship Initiative, IPA-CPD. He described the activities of national institutes like CTD, NRL, STDC, IRL, SDS, DTC, TB detection centres, state TB cells, drug resistant TB centre and community volunteers in this mission. He stressed the need of pharmacists to join this mission.

Delivering the next invited talk on “IPA's DOTS TB Pharmacist Project and How Pharmacy Institutes can contribute to TB Free India”, Mrs. Manjiri Gharat, Vice President IPA & Chairperson, IPA-CPD, has described the various projects done by the students in association with IPA, PCI and SEARPharm forum, and Central TB division and expansion of the developed models to other states which involved nearly 3000 pharmacists.

Fourth Lecture was delivered on the topic, “Managing the double trouble of TB and Antimicrobial resistance” by Dr. Karthik Rakam, President Pharmacon Society for Pharmacy Practice. He enlightened the audience on clinical aspects of TB.

An inspiring message was accorded by Honourable Dr. B. Prabha Shankar, Chairman, SNVPMV; Managing Director, Leads Pharma Pvt. Ltd; and President, Indian Pharmaceutical

Association, Telangana State Branch. He narrated the activities of IPA-CPD, IPA Telangana Branch, and PSPP in healthcare. He insisted the pharmacists to take active participation, render their services to make this mission a success and become a part of healthy India.

The Final talk was offered by Dr. Gautam S Kalyatanda, Infectious Disease Specialist, Assistant Professor, University of Florida, Gainesville, USA, on the topic, "Eradication of TB by 2025". He explained the ways to combat tuberculosis.

A Vote of Thanks was offered by Dr. T. Saritha Jyostna, Vice Principal SNVPMV. She thanked all the participants and staff members who have coordinated to make this conference a great success.

There were 330 students from B. Pharm, M. Pharm and Pharm D courses participated as delegates. The entire day we have conducted this event in SNVPMV and the students who participated in this event gained knowledge about different aspects of eradication of TB, particularly the role of pharmacist in preventing and eradicating the disease. The responses from the students were overwhelming. The participants expressed that they benefited a lot not only learning the basic concepts but also the advancements in the patho-mechanisms of Tuberculosis and its management.

Dr. Karthik Rakam Sir was present throughout the following competitions and actively participated by commenting on the events in the online chat box. He appreciated the active participation of the students in this event.

An Elocution Competition on "Jan Andolan to eradicate TB by 2025" was conducted among the participants from 1.00 to 1.30 pm. A total of nine students have participated in the Elocution competition. The time allotted was two minutes.

Panel of Judges for Elocution competition: Dr. K. Shanta Kumari and Mrs. C. Krishnaveni.

The prize winners of this competition are as follows:

First Prize: Kamila Afreen, B.Pharm II year

Second Prize: Ayesha Fathima, Pharm D I year

Third Prize: Shaista Zaheer, B.Pharm III year

An E-Poster Presentation competition on any topic of infectious diseases was conducted from 1.00 to 4.30 pm. A total of 27 E-Posters were presented among which 18 and 09 E-Posters were presented by Pharm.D and B.Pharm students respectively.

Panel of Judges for E-Poster competition: Dr. S. Hemalatha, Dr. K. Neelima, Dr. Sri Vidya Ramireddy, Dr. Praneetha and Dr. Joyani Das.

The winners of E-Poster presentation are as follows:

First Prize: S. Sushma, Pharm D IV year

(Topic: Myth busters on COVID-19 and the need to get vaccinated)

Second Prize: N. Teertha, Pharm D IV year

(Topic: A COVID patient presenting with pneumo-thorax)

First Prize: Lisa Patel, B.Pharm IV Sem (Topic: Diphtheria)

Second Prize: Rachana, B.Pharm VI Sem (Topic: Role of the Pharmacist during the COVID-19 pandemic)

A debate competition was also conducted and the prize winners are as follows:

First Prize: Sonia, Kejiya and Ayesha, Pharm D I year

Second Prize: Akanksha, Gowri and Hasmitha, Pharm D II year

First Prize: V. Manasa, Shalinder Kour and S. Nikitha, B.Pharm VIII sem

Second Prize: K. Vaishnavi, Lisa Patel, Mayuri, Apoorva and Kamila Afreen, B.Pharm IV sem

Panel of Judges for the debate competition: Dr. S. Anuradha Bai and Dr. M. Sravya.

Students actively participated in the interactive session and gave novel ideas on “Awareness on COVID-19” through a skit program.

Dr K. Shanta Kumari, HoD of Pharmaceutical Analysis has announced the winners for various events that are mentioned above.

This conference was concluded with appreciation by Dr N Srinivas, Director for active participation of students and faculty. He thanked all the participants for their active participation and the program ended with the National anthem.
