"A genuine smile comes from the heart, but a healthy smile needs good dental care." Sparkles Dental Hospital, organized a free dental check up and awareness camp in the Sarojini Naidu Vanita Pharmacy Maha Vidyalaya College for Women campus premises. where Dr. Prathiba MDS with her team has addressed about good oral hygiene and suggested them ways to maintain it. She explained goals of dental check up and conducted free dental check-up in Virtual Pharmacy of our college.

At the dental check-up the dentist examined the gums and teeth. If there are any cavities that are being formed the dentist were given the advice for cavity removal. Later, checks for tartar or plaque that is formed on the teeth and gave advice for removal.

The dentist’s well-examination will identify any types of decays that are present. And those won’t be visible until they become severe and cause pain till it reaches an advanced stage. For the well- treatment of oral health issues, the sooner the problem is found the better it can be managed.
