Strategies for the implementation of National Education Policy (NEP)

The influence of the vision of our institute is profound and far-reaching. A well-crafted vision statement of our institute serves as a guiding light, outlining the aspirations and goals of our institute. Here are some strategies for the implementation of NEP in our institute:

- 1. Setting Goals and Objectives:** The vision statement provides a clear direction for the institute, helping to set specific goals and objectives that align with the long-term vision of the institute. These goals could include improving curricular aspects, research and extension activities infrastructure learning resources, and overall education outcomes.
- 2. Policy Formulation:** The vision of the institution serves as the foundation upon which policies and strategies are formulated. It provides policymakers with a framework for decision-making, ensuring that initiatives and reforms are aligned with the overarching vision for education.
- 3. Stakeholder engagement:** All the stakeholders directly or indirectly affect the policy-making of the institution through various committees initiated for the development of students. The said initiatives are internalized and institutionalized and play a major role in the continuous improvement of the quality framework of the institution in future academic years too.
- 4. Resource allocation:** The vision statement influences resource allocation within the institute. It prioritized funding and investment in providing ICT/Internet facilities in classrooms, purchased sophisticated instruments, and subscribed to e-journals.as
- 5. Curriculum development:** The vision statement informs curriculum development efforts, such as providing value-added/Certificate/add-on courses to students and organizing National/International Seminars and Conferences on the pioneering aspects of the Pharmaceutical Industry twice every academic year.
- 6. Quality Assurance:** The vision statement serves as a benchmark for evaluating the quality and effectiveness of educational programs and initiatives. It provides criteria against which progress can be measured, allowing for continuous improvement and accountability.

7. **Global Competitiveness:** The vision of the college aims to enhance the nation's competitiveness on the global stage by equipping students with the knowledge, skills, and dispositions needed to thrive in the 21st century. It emphasizes innovation, creativity, critical thinking, and adaptability to prepare learners for the challenges of a rapidly changing world.

The said strategies are internalized and institutionalized and play a major role in the continuous improvement of the quality framework of the institution in future academic years too which helps to contribute to the socio-economic development and prosperity of the nation.
