

7.1.1 FACILITIES FOR WOMEN ON CAMPUS

(Facilities of safety, security and other provisions for women to work productively)

Safety and Security:

Our organization has prioritized safety and security by keeping an eye out for the following typical college security problems:

Details of Contact

In order to allay worries among parents, staff, and teachers, we establish communication channels by maintaining student, instructor, and parent/guardian contact information in order to make sure that everyone is informed in the event of an emergency.

Medical Emergency

First Aid:

In the First Aid Room, Pharm D faculty members administer first aid to that in need. Faculty members accompany students to the Multi-specialty Hospital in case of medical emergencies.

Clearance and Security Check for Visitors and Staff

Before allowing guests to enter the college grounds, we screen them for safety, much like the concept of enclosing the actual buildings. Before entering the building, visitors must go through this screening procedure to ensure they do not represent a security risk.

24/7 Surveillance

The high-tech or expensive CCTV equipment on our property guards against theft, vandalism, eve-teasing, and criminal damage.

A fire extinguisher is designed to put out or manage small fires, frequently in crisis circumstances

Sensitivity training

The college conducts regular sensitivity training sessions for students and staff to raise awareness of gender-based issues and promote a culture of respect and equality.

Anti-ragging

The college has a zero-tolerance policy on ragging and has a dedicated anti-ragging committee to investigate and address any incidents.

Educating Everyone

Faculty, staff, and students receive security awareness training. Increasing everyone's awareness, including students, will boost the likelihood that possible threats will be reported as soon as possible. Students are urged to speak up during this training if they witness or hear anything troubling or suspicious.

PRINCIPAL

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya
Vijayapuri Colony, S.Lalaguda, Tamaka
Secunderabad-500 017.

SAROJINI NAIDU VANITA PHARMACY MAHA VIDYALAYA

(Sponsored by the Exhibition Society), Tamaka, Secunderabad

Affiliated to Osmania University, Approved by AICTE & PCI

ISO 9001: 2015 Certified Institution, NBA Accredited B. Pharmacy Course

ID cards

All students are required to wear ID cards at all times, which helps to identify authorized individuals and prevent unauthorized entry. The college is committed to providing a safe and secure environment for all students, and these initiatives are designed to help achieve that goal

Access Control

Students now have access cards (IDs) that grant them entry into the required buildings while limiting access for others. Additional related access control methods include headcounts to determine the number of individuals in each location, security cameras, and concurrent management of multiple sites.

Common Room

The college offers common rooms for faculty and student use so that they can socialise and engage in healthy recreation. In order to better serve our students, the campus has set up large, cosy common areas. This area has been planned to provide students with a place to unwind, learn, and engage in casual conversations during their free time. A few indoor games are included.
