

7.1.4 Activities conducted towards creating tolerance and harmony

The institution is passionately committed to promoting tolerance and harmony through a wide range of thoughtfully crafted activities and initiatives. Our steadfast dedication to inclusivity is evident in programs aimed at fostering an environment where individuals from diverse backgrounds can unite in a spirit of mutual understanding and respect. Through a vibrant array of cultural events, celebrations, and educational forums, we seek to cultivate a mindset that goes beyond distinctions in culture, religion, language, and socio-economic status. These efforts not only enhance the vibrancy of campus life but also act as influential tools in shaping individuals within our academic community into open-minded and culturally aware contributors to society.

Tolerance and harmony are actively promoted through major events like Dussehra, Lakshmi pooja on Diwali, Sankranthi, Bathukamma Festival, Dandiya Festival, Scientific Fest, and Cultural Fest at the institute level.

Additionally, celebrations for Christmas and New Year bring joy and togetherness, featuring fun-filled games and special foods.
