INTRODUCTION: NSS unit an extension dimension to the higher education system to orient the student youth to community service while they are studying in educational institutions. NSS unit organize orientation program for the students by inviting social activities and workers and. These interactions have left a very good impact on the volunteers.

The Purpose of organizing Health Awareness Program in school is to educate the children about healthcare, to create awareness about the common problems faced by everyone, to address health issues in a community.

Total 16 students with 3 faculty members reached at 11.10 am. Students took part in this program and showed their active participation by giving awareness through Power Point Presentations and Posters .As we entered in the school magical life .they welcomed us with open arms. A total 500 students participated, we have divided them into 3 groups , Primary, higher boys and higher girls We cracked a few jokes to cheer everyone up. A brief, narrative journey which made them feel comfortable and relaxed, throughout the session.

Before starting the session we distributed fruits to the lovely children, which boosts their energy. We started as per schedule we gave awareness about hygiene, sleeping schedule, cleanliness etc .We gave them knowledgeable information orally and with attractive videos. One to one interaction .Which was so satisfactory. All the students are so attentive and quick. We the students interacted with high school boys and girls, they are so active in listening ,the wonderful feeling.
