CIRCULAR

Dear Faculty and Students,

Sub: Department of Pharmaceutical Chemistry organizing a Guest Lecture on-
"Building Future through Employability Skills and Digital
Empowerment" on the occasion of World Youth Skills Day.

All students and faculty members are hereby informed that we are going to conduct a
Guest lecture on "Building Future through Employability Skills and Digital
Empowerment" by Mrs. S. Indira Priyadarshini, Soft Skills Trainer in our college
auditorium on 13/06/2025 10.30am onwards. All faculty and students are invited to attend
the session, avail opportunity and make the event grand success.

(Dr. T. Mamatha)
Principal

SEMINAR REPORT

Date: 13th June 2025

Venue: SNVPMV Auditorium

Occasion: World Youth Skills Day

Topic: "Building Future through Employability Skills and Digital Empowerment"

On the occasion of World Youth Skills Day, the Department of Pharmaceutical Chemistry at Sarojini Naidu Vanita Pharmacy Maha Vidyalaya organized a power-packed seminar to empower students with essential employability skills. The event, held on 13th June 2025 at the college auditorium, served as a platform to bridge the gap between academic learning and practical life skills essential for success in the modern world. The seminar was conducted with the vision of creating awareness among youth about the importance of acquiring additional competencies beyond textbook knowledge.

INAUGURATION

The event commenced at 10:30 am by inviting the dignitaries on to the dias and inviting the speaker Mrs. S. Indira Priyadarshini with a floral greetings. The programme was attended by Dr. N. Srinivas, Director, SNVPMN, Dr. T. Mamatha, Principal, SNVPMV, Dr. S. Hemalatha, Professor and HOD, Department of Pharmaceutical Chemistry, Dr. Vivek Sagar, Professor and HOD, Department of Pharmaceutical Analysis, Dr. Ashok Kumar Rudrabhat, R and D Advisor, SNVPMV, - , Mr. B.S.R. Murthy and all the other Faculty members from various departments in the college.

Programme convened with a warm welcome by Dr. N. Srinivas, Director of SNVPMV, who in his keynote address, highlighted the need for skill-based education in the 21st century. He emphasized that while students today possess 'kilos and tonnes' of academic knowledge, it is the application of that knowledge through practical, communicative, and digital skills that truly determines career success. Sir urged students to engage in continuous learning and adapt to evolving industry needs.

Principal Dr. T. Mamatha delivered an inspiring speech that encouraged students to develop themselves holistically. She underlined the importance of emotional intelligence, confidence-building, and psychometric tools to understand one's strengths and areas for improvement. She expressed that such workshops are stepping stones for students to uncover their potential and emerge as well-rounded professionals.

Mrs. S. Indira Priyadarshini, an experienced soft skills trainer, was the guest speaker for the seminar. She delivered a captivating and interactive session filled with real-life examples, relatable activities, and practical tips for students to develop a skill-set for the future. She stressed the importance of digital literacy, body language, effective communication, and interview preparation techniques in shaping successful career paths.

SEMINAR HIGHLIGHTS

The seminar covered an array of essential topics such as:

The PowerPoint presentation designed for the seminar on World Youth Skills Day was rich in content, offering practical insights and skill-building strategies tailored specifically for pharmacy students. The slides effectively addressed both personal and professional development areas, aligning with the seminar's goal to foster holistic growth among students. Below is an elaboration of the key modules presented:

1. Self-Awareness:

This section encouraged students to reflect on their emotions, strengths, weaknesses, and work-life balance. Activities included drawing a 'self-awareness mirror' to answer questions like 'What am I good at?', 'What makes me happy?', and 'What do I want to get better at?'. This exercise was aimed at boosting emotional intelligence and self-confidence.

2. Body Language & Professional Grooming:

Students learned about the role of body language in creating strong first impressions. The trainer highlighted the importance of gestures, posture, eye contact, and hygiene. Dressing appropriately and following grooming standards were shown to have a direct impact on career growth and interpersonal relationships.

3. English Language for Career:

English was presented as a global career tool. Emphasis was placed on using clear, correct language, improving vocabulary, and enhancing both written and verbal communication. Students understood how fluency in English can open doors to promotions, global jobs, and learning resources.

4. Art of Speaking:

The seminar stressed the importance of effective communication—thinking before speaking, choosing simple words, active listening, and maintaining composure during stress. Speaking with clarity and empathy was encouraged as a powerful professional trait.

5. Role of Digital Resources in Pharmacy:

Students were introduced to a range of digital platforms and tools such as Coursera, YouTube, Khan Academy, e-books, online journals, and drug databases like Medscape and Epocrates. These tools help learners stay updated with the latest developments in the pharmaceutical field.

6. AI Tools in Pharmacy:

AI-driven innovations in pharmacy were showcased, including tools like IBM Watson for Drug Discovery, Atomwise for 3D drug modeling, and AI platforms like DeepChem and Medscape. These tools enhance drug research, data analysis, and learning efficiency.

7. Four -Step Process to Get Ready for the Interview:

The four steps—Prepare, Apply, Network, and Perform—were explained with practical examples. The session covered resume writing do's and don'ts, types of resumes (chronological, functional, combination), and video resume tips. Mock interview questions and types of interviews (telephonic, virtual, panel) were also discussed.

INTERACTIVE SESSION

A vibrant interactive session followed the presentation where students enthusiastically participated in group activities, shared personal reflections, and responded to a well-designed questionnaire. The session created a safe and inclusive space for students to express themselves. They showed keen interest in AI tools, resume design tips, and practical aspects of interview preparation.

VOTE OF THANKS

The seminar concluded with a heartfelt vote of thanks by Dr. S. Hemalatha, Professor and Head of the Department of Pharmaceutical Chemistry. She appreciated the speaker's contribution, the enthusiasm of the students, and the support of the management. The event culminated with a group photo capturing the spirit of the day—a celebration of youth, knowledge, and future readiness.

All the faculty members from Department of Pharmaceutical Chemistry kept efforts for the success of the event.

Anchors for the event were Ms . Lorita and Ms. Kanya from Pharm D Third Years.
