REPORT ON VISIT TO IPHEX – 11th INTERNATIONAL PHARMACEUTICAL EXHIBITION

Date: 20/09/2025

Visited by:

Dr. B. Harika, Dr. K. Neelima, Dr. P. Ravikumar, Dr. B. Chandrasekhar Reddy,
and M. Pharmacy students, Department of Pharmaceutical Analysis

Conducted by:

Pharmaceuticals Export Promotion Council of India (Pharmexcil),
in association with the Ministry of Commerce and Industry, Government of India

Location:

HITEX Exhibition Centre, Hitech City, Hyderabad, Telangana, India

Objective of the Visit

The primary objective of this visit was to explore and identify advanced technological equipment required for establishing a Research and Development (R&D) unit within the college premises.

Details of the Visit

As part of academic enrichment and research promotion, professors from the Departments of Pharmaceutics and Pharmaceutical Analysis, along with seven M. Pharmacy students, visited IPHEX – 11th International Pharmaceutical Exhibition at HITEX, Hyderabad, on 20th September 2025 (afternoon session).

This annual event is organized by Pharmexcil, in collaboration with the Ministry of Commerce and Industry, Government of India, and serves as a platform for Indian pharmaceutical companies to showcase their products and services to international buyers. The 2025 edition featured participation from numerous foreign companies, with exhibits spread across seven halls.

Highlights of the Exhibition

The exhibition featured a diverse range of pharmaceutical products, innovations, and services, including:

- Various formulations and dosage forms – tablets, capsules, injectables, soft gels, and liquid-filled capsules.
- Nutraceuticals, antivenoms, and pain-relief patches.
- Sophisticated laboratory equipment demonstrated by several companies.
- Specialized manufacturing techniques, including liquid-filled capsule technology.

The visit provided an opportunity to:

- Learn about the latest advancements and innovations in the pharmaceutical industry.
- Gain insight into current trends and technologies.

- Network with industry experts, manufacturers, exporters, buyers, and regulators from around the world.
- Understand the impact of India's G20 Presidency on pharmaceutical exports.

Categories of Exhibits

The exhibition included various sectors such as:

- APIs and Intermediates
- Pharmaceutical Formulations
- Excipients and Custom Manufacturing
- Biosimilars
- Ayurvedic and Herbal Products
- Veterinary and Animal Health Supplements
- Nutraceuticals and Natural Extracts
- Diagnostics and Surgical Products
- Healthcare Services

Outcome of the Visit

The visit was highly informative and successful in identifying potential suppliers and technologies relevant to pharmaceutical analysis and pharmaceuticals. A list of suppliers with equipment suitable for our R&D requirements is enclosed along with this report.

Acknowledgment

We express our sincere gratitude to the management of the college for providing us with this valuable opportunity to visit IPHEX – Analytica Lab India, a global platform showcasing state-of-the-art pharmaceutical instruments and innovations.
