REPORT ON PRIMARY BONE TUMOR

Introduction

The Department of Pharm D, Sarojini Naidu Vanita Pharmacy Maha Vidyalaya (Co-Ed.), organised an expert guest lecture on **“Primary Bone Tumors”** with the objective of enhancing students’ understanding of musculoskeletal oncology and its clinical relevance. The programme aimed to bridge the gap between theoretical knowledge and real-time clinical practice by interacting with a distinguished orthopaedic oncologist.

Programme Highlights

The session was formally inaugurated in the college auditorium in the presence of institutional heads and faculty members. P Deekshitha and Khezia of Pharm D 6th yrs were the anchors of the program. The Program was conducted by the department of Pharm D. The programme was presided over by **Dr. B. Prabha Shankar**, Chairman, SNVPMV. The invited speaker, **Dr. Koteashwara Prasad Veeragandham**, delivered an insightful and comprehensive lecture on primary bone tumors.

The talk covered key aspects including:

- Classification of primary bone tumors (benign and malignant)
- Epidemiology and common age-related presentations
- Clinical features and red flag symptoms
- Diagnostic approach including imaging and biopsy
- Current treatment modalities such as surgery, chemotherapy, and radiotherapy
- Multidisciplinary management and the role of pharmacists in patient care

The speaker enriched the session with clinical case discussions, radiological images, and practical insights from his professional experience. The interactive question-and-answer session encouraged active participation from Pharm D students and faculty members.

Outcomes of the Programme

The guest lecture resulted in the following outcomes:

1. Improved understanding of the pathophysiology and classification of primary bone tumors.
2. Enhanced awareness of early diagnosis and the importance of timely referral.
3. Better insight into current treatment strategies and multidisciplinary care.
4. Increased knowledge of the clinical pharmacist’s role in oncology patient management.
5. Motivation among students to pursue advanced learning and research in oncology-related fields.

Impact of the Programme

The guest lecture created a meaningful academic and professional impact on the participants. It strengthened the integration of clinical knowledge with pharmaceutical sciences, enabling Pharm D students to better appreciate their role in multidisciplinary oncology care. The session enhanced students' confidence in understanding complex musculoskeletal disorders and fostered clinical thinking beyond textbooks. Exposure to real-world clinical scenarios and expert insights motivated students to pursue clinical excellence, research orientation, and patient-centered care in oncology settings. The programme also reinforced the institution's commitment to delivering quality education through expert interactions and industry-academia collaboration.

Conclusion

The guest lecture on **Primary Bone Tumors** was highly informative and academically enriching. The expert talk by **Dr. Koteashwara Prasad Veeragandham** provided valuable clinical perspectives and strengthened the students' understanding of bone oncology. The programme successfully met its objectives and contributed significantly to the professional development of Pharm D students. The Department of Pharm D expresses its sincere gratitude to the management, dignitaries, and the resource person for making the event a grand success.
