ABOUT THE INSTITUTE:

Chaitanya Bharathi Institute of Technology, established in the Year 1979, esteemed as the premier engineering Institute in the states of Telangana and Andhra Pradesh. The Institute committed to Research, Education and Innovation, started with 3 UG Programs in Engineering with an intake of 200 Students and over a period of 47 Years, the intake has grown to 1998, with 12 UG & 10 PG Programs (AICTE Approved Programs). It has emerged as a dream destination for students seeking to excel in engineering and management education, teaching community to progress with a rewarding career and a choice for the corporates to source well-rounded Engineers.

CBIT is Ranked No. 1 amongst the Private Engineering Colleges in both the Telugu Speaking States. CBIT is accredited by NAAC with an A++ Grade (3rd Cycle) and has UGC Autonomous status since 2013. Since 1998, its UG and PG programmes have been consistently accredited by NBA. The institute is ranked in the 101-150 band in NIRF Innovation 2023 and 151-200 band in NIRF Engineering 2025. It holds a 4-star rating from the Institution's Innovation Council (IIC) of the Ministry of Education and is ranked 2nd in Telangana and 16th among India's top 100 private engineering institutions by THE WEEK (2025). CBIT has established the first Atal Community Innovation Centre (ACIC) in Telangana with a funding of ₹4.51 crores and an AICTE-IDEA Lab with ₹95 lakhs funding. The institute has received TEQIP-II, completed 86 research and consultancy projects, and is currently executing 22 sponsored projects. With 200+ IPRs, 23 granted patents, 86 MoUs, industry-supported labs, and an incubation center housing 21 startups, CBIT continues to drive innovation. The institute pioneered Honors and Minor engineering degrees in Telangana.

ABOUT THE WORKSHOP:

The National Workshop on “Enhancing Quality, Integrity, and Excellence in Examination, Assessment, and Evaluation Systems” is aimed at strengthening the examination and evaluation processes in higher education institutions through innovative and transparent practices. The workshop focuses on key areas such as examination reforms, outcome-based assessment, digital evaluation systems, academic integrity, automation in result processing, and best practices in assessment and accreditation.

The workshop provides a platform for academicians, administrators, examination professionals, and researchers to share knowledge, discuss challenges, and explore effective strategies for improving the quality, fairness, reliability, and efficiency of examination systems in alignment with NEP 2020 and UGC guidelines. The program will help participants understand modern trends and technologies in assessment and evaluation, thereby contributing to academic excellence and institutional quality enhancement.

TOPICS TO BE COVERED:

- Examination Reforms and Best Practices in Higher Education
- Digital Transformation and Automation in Examination Systems
- Outcome-Based Assessment and Evaluation Techniques
- Ensuring Quality, Transparency, Integrity in Examinations and Ethical Evaluation Practices
- NEP 2020 and UGC Guidelines for Modern Assessment and Evaluation Systems
- Question Paper Design and Bloom's Taxonomy
- Handling Examination Malpractice and Grievances
- Institutional Integrity and Academic Accountability

RESOURCE PERSONS

Eminent personalities representing diverse autonomous and statutory bodies, along with distinguished academicians and administrators from premier higher educational institutions

OBJECTIVES:

This Workshop is aimed to:

- develop participants' competencies in examination management, outcome-based assessment, ethical evaluation, question paper setting, moderation, result processing and grievance handling.
- enhance transparency, accountability, and quality in examination and evaluation systems through academic regulations and best practices.
- promote the effective use of quality assurance practices and digital tools in examination and evaluation processes.

OUTCOMES:

After the Workshop, participants will be able to:

- apply outcome-based and ethical practices in question paper design, assessment, grading, moderation, and evaluation.
- manage examination administration, digital evaluation, result processing, grievance handling, and malpractice cases effectively.
- strengthen quality assurance, transparency, integrity, and accountability in examination and evaluation systems.

ELIGIBILITY:

Administrators and Faculty Members of HEI involved in the conduct of Examinations, Assessment, Evaluation and Result Processing.

Introduction

The Academic and Examination Cell (AEC) organized a One-Day National Workshop on “**Enhancing Quality, Integrity and Excellence in Examination, Assessment and Evaluation Systems.**” The workshop brought together academic leaders, examination administrators, faculty members, and industry experts to discuss reforms and innovations in assessment and evaluation practices in higher education. The event aimed to improve the quality, transparency, reliability, and effectiveness of examination systems while aligning them with modern educational outcomes and technological advancements.

Proceedings of the Workshop

Inaugural Session

The workshop commenced with registration followed by the inaugural session. The Chief Guest, **Prof. Kumar Molugaram, Hon’ble Vice-Chancellor, Osmania University,** emphasized the need for continuous improvement in assessment systems to achieve academic excellence. He

highlighted that the ultimate objective of any evaluation system should be **accuracy, fairness, and transparency**.

He addressed the following points:

- Assessment methods should be redesigned to evaluate higher-order thinking skills.
- Question papers should contain more analytical and application-oriented questions based on Bloom's Taxonomy.
- Course Outcomes (COs) and Program Outcomes (POs) must be integrated into assessment design.
- Institutions should strive for consistency and objectivity in evaluation practices.
- The challenges and implications of Relative Grading and Absolute Grading systems should be carefully addressed.

Technical Session I

Speaker: Prof. K. Shashikanth, Professor and CoE, OU, Hyderabad

Topic: *Exam Reforms: Current Practices and Future Directions*

The speaker discussed ongoing examination reforms and the need to adopt innovative assessment strategies. Emphasis was placed on continuous evaluation, outcome-based assessment, and digital examination systems.

Technical Session II

Speaker: Dr. Devesh Nigam, Registrar, UoH, Hyderabad

Topic: *A Paradigm Shift in Examination Reforms in Higher Education Institutions in India*

The session highlighted national-level reforms in higher education assessment. The speaker discussed the implementation of transparent evaluation mechanisms, academic integrity measures, and student-centric examination practices.

Technical Session III

Speaker: Mr. Mohammed Mustafa Khan, CEO, Orientrix Pvt. Ltd.

Topic: *Next-Generation Assessment: Enhancing Trust, Quality, and Efficiency with AI*

- Participants learned methods to align assessment practices with Course Outcomes (COs) and Program Outcomes (POs) for effective outcome-based education.
- 4. Awareness of Grading Systems**
 - A clear understanding of the advantages and limitations of Relative Grading and Absolute Grading systems was developed.
- 5. Adoption of Technology in Evaluation**
 - Participants explored the use of AI-enabled tools and digital evaluation platforms to improve efficiency, transparency, and accuracy.
- 6. Strengthening Academic Integrity**
 - The workshop highlighted mechanisms for ensuring fairness, transparency, and integrity in examination processes.
- 7. Quality Assurance in Evaluation**
 - Faculty and administrators gained knowledge about quality parameters and standard operating procedures for reliable evaluation practices.
- 8. Capacity Building of Faculty and Administrators**
 - The workshop strengthened the professional competencies of faculty members involved in examination and assessment activities.
- 9. Promotion of Best Practices**
 - Participants were exposed to national-level best practices that can be adopted within their institutions.
- 10. Action Plan for Institutional Improvement**
 - Institutions were encouraged to implement technology-driven, outcome-oriented, and quality-focused assessment systems to enhance academic excellence.
