Two-Day Faculty Development Programme on B. Pharmacy New Syllabus-2026

Date: 23.10.2026 & 24.10.2026

Time: 10.00 AM – 5.00 PM

Venue: Seminar Hall, SNVPMV (Co-Ed.)

This is to inform all faculty members that the college is organizing a Two-Day Faculty Development Programme on B. Pharmacy New Syllabus-2026 on 23.10.2026 & 24.10.2026.

Key Resource Persons:

- Dr.Prabhakar Reddy Veerareddy
Central Council Member, Pharmacy Council of India (PCI), New Delhi.
- Prof. V. Vishwa Mohan
Retd. Professor, Osmania University
- Dr. Katkam Premnadh
Associate Professor, Srinidhi Institute of Sciences & Technology

Participants:

All Teaching staff of SNVPMV (Co-Ed.) and other college staff members.

Objectives: To familiarize faculty with the new B. Pharmacy syllabus (2026), OBE, clinical psychology, psychosomatic disorders, and basic Python programming.

Expected Outcomes: Faculty will gain skills in syllabus implementation, CO=PO attainment assessment, and technology-enabled teaching.

All concerned are requested to attend and actively participate in the programme.

Program Overview & Inauguration

Sarojini Naidu Vanita Pharmacy Maha Vidyalaya successfully organized a intensive Two-Day Faculty Development Programme (FDP) focusing on the implementation and alignment of the **B. Pharmacy New Syllabus-2026**. The programme aimed to equip pharmaceutical educators with advanced pedagogical insights, outcome-based evaluation tools, holistic student psychology principles, and technical computing skills required to effectively deliver the updated curriculum.

The opening ceremony commenced with traditional lighting of the lamp and a prayer song, followed by a warm welcome address by **Dr. B. Haarika**, Principal, SNVPMV. **Dr. Prabhakar Reddy Veerareddy**, Central Council Member, Pharmacy Council of India (PCI), New Delhi, addressed the gathering on regulatory expectations and national curricular standards.

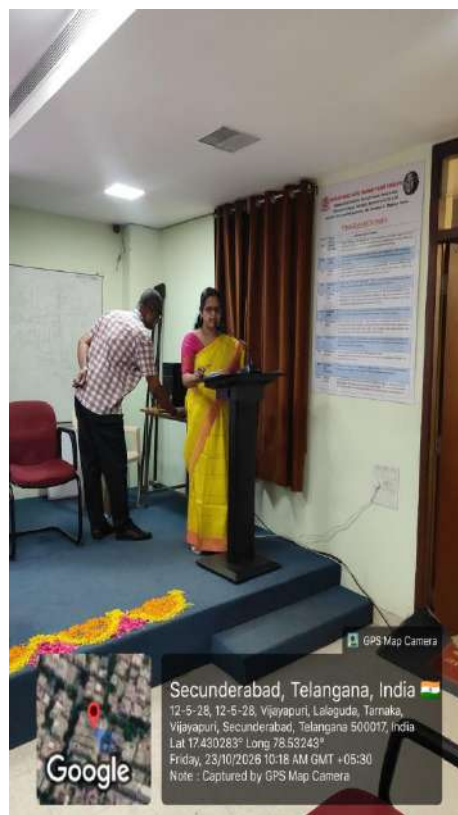

- **Institutional Alignment:** Faculty successfully mapped new Program Educational Objectives (PEOs) to the institutional vision and mission, ensuring clear educational pathways.
- **Enhanced Outcome Attainment:** Practical clarity was established regarding Course Outcome (CO) and Program Outcome (PO) calculations, gap identification, and continuous quality improvement measures.
- **Interdisciplinary Preparedness:** Participants gained essential insights into student mental health (Psychosomatic Disorders) and practical computational proficiency in Python.

Program Details & Inauguration: Highlights the inaugurals, dignitaries (Dr. B. Haarika, Dr. Prabhakar Reddy Veerareddy, and overall objective.

Day 1 Focus: Evidence-Based Education, Clinical Psychology, and understanding Psychosomatic Disorders.

Day 2 Focus:, Vision & Mission alignment with new PEOs, Outcome-Based Education (CO-PO attainment and gap analysis), and the hands-on Python programming technical session.

Key Outcomes: Institutional alignment, OBE integration, and interdisciplinary teaching preparedness.

Day 1

Session I: **Dr. Prabhakar Reddy Veerareddy**, Central Council Member, Pharmacy Council of India (PCI), New Delhi.

He addressed the gathering on regulatory expectations and national curricular standards. the importance of new Syllabus framed by PCi. He explained in details about the syllabus, Number of credits and advised to supplement lectures with peer reviewed article, store practical records, presentations, project milestones and to implement internship which is mandatory during the B.Pharm Course. The student has to do research project and its importance. The gathering was briefed about the evaluation pattern, sessional exams, University exams and their distribution of marks and the credits student will get.

The new syllabus mandates that the academic Institutions should have minimum of 10 legally valid MOU's with Industries and Hospitals.

The new PCI B.Pharm syllabus emphasizes about Ability Enhancement Courses and Skill Enhancement Courses. The minimum number of working days should be 90 days.

Overall the speaker explained the importance of change in syllabus, exam pattern and explained about the credit system.

Session II &III: Clinical psychology : Dr. V. Vishwa Mohan (Retd. Prof., Osmania University)

Dr. V. Vishwa Mohan delivered two deeply engaging sessions focusing on the human and psychological dimensions of pharmaceutical training and academic mentorship

Philosophy of Clinical Psychology: Discussed the psychological mindset required by educators to identify cognitive stress, academic anxiety, and burnout among pharmacy students undergoing rigorous coursework.

Session 3: **Psychosomatic Disorders:** **Dr. V. Vishwa Mohan** (Retd. Prof., Osmania University)

Understanding Psychosomatic Disorders: Explored how chronic emotional stress manifests as physical ailments (cardiovascular, gastrointestinal, and dermatological issues). Dr. Mohan provided practical guidance on empathetic counseling, active listening, and institutional referral mechanisms for distressed students.

Participants gained a dual perspective: structural clarity on how to align course learning outcomes with institutional mission statements, alongside actionable psychological tools to foster a supportive learning environment. Day 1 concluded at 04:05 PM with a formal felicitation of Dr. V. Vishwa Mohan .

DAY 2

Session IV. Dr. A. V. Srikanth .

This session led an interactive session connecting the newly introduced B.Pharm Syllabus-2026 with the institution's long-term vision and mission. He elaborated on the alignment of Programme Educational Objectives (PEOs) with departmental goals.

- **PEO Alignment Strategy:** Mapping course learning outcomes to broader institutional values of academic excellence, ethical research, and social responsibility.
- **Curriculum Contextualization:** Adapting the standardized PCI framework to local industry needs and regional health research priorities.
- **Q&A Highlights:** Faculty queried mechanisms for periodically reviewing PEO attainments; Dr. Srikanth recommended annual stakeholder feedback loops involving alumni and industry leaders.

Session.VI: Fundamentals of Python Programming for Pharmaceutical Applications: Dr. Katkam Premnadh (Assoc. Prof., SNIST) & Mrs. R.V.S. Lathasree (HoD IT & Assoc. Prof., SNVPMV)

The afternoon session of Day 2 was dedicated to hands-on computational training in Python programming, reflecting the tech-enabled orientation of the 2026 B.Pharm syllabus.

Dr. Premnadh briefed about python Programming and its Importance in B.Pharmacy and M.Pharmacy Course with live examples.

Pharma Case Studies: Interactive demonstration of bio-statistical analysis, reaction kinetics plotting, and automated data extraction from molecular databases.

The afternoon workshop on Python programming provided faculty members with direct, practical exposure to scientific computing and data analytics. This directly prepares educators to mentor students in modern computational drug design, data visualization, and automated analytics as mandated by the 2026 syllabus updates.
