Mrs. Saloni Sakharwade

Participants: One member per team

EDUCATE  
COMMUNITY

RAISE  
AWARENESS

PROMOTE  
SAFE ANTIBIOTIC USE

BUILD A  
HEALTHIER FUTURE

### Guidelines for Leaflet Preparation (For Students)

- 1 The leaflet must prominently display the title "World Pharmacists Day 2026" and the official theme "జ్ఞానం ధర్మా, Combating Antimicrobial Resistance."
- 2 The content should connect the theme with Antimicrobial Resistance (AMR) and highlight the role of pharmacists in preventing antibiotic misuse and promoting responsible antibiotic use.
- 3 Leaflets must be prepared in Telugu/English.
- 4 For the leaflet preparation, only 1 student will participate per leaflet.
- 5 The leaflet should be designed in A4 size and submitted as a PDF with a maximum file size of 5 MB.
- 6 Do not include the student's name, institute name, logo, or any other identification marks on the leaflet.
- 7 The leaflet should effectively educate both the general public and practising pharmacists.

## 3. Programme Report

The Educational Leaflets Design Competition was organized at Sarojini Naidu Vanita Pharmacy Maha Vidyalaya as part of the World Pharmacists Day 2026 activities, with the theme “Combating Antimicrobial Resistance.” The competition provided students with an opportunity to communicate important scientific and public-health messages through informative and creative leaflets.

The activity focused on creating awareness about antimicrobial resistance (AMR), the importance of responsible antibiotic use, and the role of pharmacists in preventing the misuse of antimicrobial agents. Students were encouraged to present accurate information in a clear, attractive, and easily understandable format so that the message could reach both the general public and practising pharmacists.

As indicated in the competition guidelines, leaflets were to be prepared in Telugu or English, designed in A4 size, and submitted as PDF files with a maximum file size of 5 MB. Each leaflet was to be prepared by one student. The guidelines also specified that student names, institute names, logos, and other identifying marks should not appear on the leaflet.

### 4. Objectives

- To create awareness about antimicrobial resistance among students and the public.
- To promote the responsible and rational use of antibiotics.
- To highlight the role of pharmacists in preventing antibiotic misuse and promoting responsible antibiotic use.
- To encourage students to communicate scientific information through clear and creative educational materials.
- To improve public understanding of the causes and consequences of antimicrobial resistance.
- To encourage awareness and practices that help prevent the spread of antimicrobial resistance.

### 5. Outcome

The competition offered a platform for students to develop educational leaflets on antimicrobial resistance and responsible antibiotic use. It encouraged participants to organize scientific information into a concise and accessible format. The activity also emphasized the importance of clear health communication and the contribution pharmacy students can make to public awareness.

### 6. Impact of the Event

- Promoted awareness of antimicrobial resistance and the need for responsible antibiotic use.
- Encouraged students to present health information in a simple, creative, and visually engaging way.
- Highlighted the role of pharmacists in antimicrobial stewardship and public-health education.
- Reinforced the importance of educating the public and practising pharmacists about antimicrobial resistance.
- Encouraged students to use their pharmacy knowledge to support awareness and prevention efforts

### 7. Conclusion

The Educational Leaflets Design Competition served as an educational activity focused on combating antimicrobial resistance. By encouraging students to create informative leaflets, the programme highlighted the importance of responsible antibiotic use, effective health communication, and the role of pharmacy students in promoting public-health awareness.
